givejedahand He has #petition. He wants YOU to #sign it! To #savetheworld?! No, #theEarth. I detect there's a difference. To me the world is everything, the Earth is just a rock in space not worth saving except as a platform for t he rest. Anyway I didn't see anyone sign and I watched for at least 5 minutes, the limit of my attention span. After all he was at #QueenWest and #Lansdowne. People warned him. Get that #f-ing paper out of my face! The #Earth?! Does that include #Parkdale #Toronto?! Hard to #savethearth in the #streetsoftoronto even for #streetphotography!
